

MAP-PRO TORCH KIT

Swivel Head Torch

PART No. 1811648
BROMIC MAP-PRO SWIVEL
HEAD TORCH KIT

This Bromic Swivel Head Torch and Cylinder Kit helps you easily solder and braze in tight and awkward spaces with one hand. The 360° horizontal swivel head provides greater accessibility, and a fully-adjustable swirl flame produces hot, efficient heat for fast soldering times. The push start function makes ignition quick and easy and an adjustable flame control knob provides precise flame sizing.

Features

- 360° horizontal swivel head torch
- Flame type: Swirl flame
- Push button ignition with lock on function
- Pressure regulated for consistent performance
- Adjustable flame control
- Kit includes swivel head torch (1811640) and 400g MAP-Pro™ cylinder (1811120)
- Torch designed to work with MAP-Pro™ and Propane fuels
