

PART NO. BSSW300
SOLID CORE SOLDER
85G 3MM

Bromic Plumbing Solid Core Solder 85g 3mm

- Lead-free, silver bearing
- Melting temperature: 221°C
- Perfect for creating water-tight seals
- 3mm solder wire
- 85g solid wire coil

PART NO. BSAC300
ACID CORE SOLDER
85G 1.6MM

Bromic Metal Work Acid Core Solder 85g 1.6mm

- Lead-free, acid core eliminates the need for flux
- Melting temperature: 221°C
- Ideal for use on gutters, auto radiators, tin repairs & sheet metal
- 1.6mm solder wire
- 85g solid wire coil

PART NO. BSRC050
ROsin CORE SOLDER
14G 1MM

PART NO. BSRC300
ROsin CORE SOLDER
85G 1.6MM

Bromic Electrical Rosin Core Solder

- Lead-free, rosin base eliminates the need for flux
- Melting temperature: 221°C
- Ideal for general electronic repairs such as speakers, drones and RC's
- BSRC300 - 1.6mm solder wire, 85g solid wire coil
- BSRC050 - 1mm solder wire, 14g solid wire coil
